

## **Cristina Rivero**

**Director, Department of Industry, Energy, Environment and Climate**

**CEOE**

Mrs Rivero has developed her professional career in the field of energy, environment, and change.

She was a representative of the Spanish electricity sector in Eurelectric on issues such as environmental policy and climate change.

At international level, she collaborated with AIE, NEA, CIER and OLADE and has been an observer for the private sector at the Conferences of the Parties to the United Nations Framework Convention on Climate Change since 2001.

She is currently the Director of the Department of Industry, Energy, Environment and Climate at CEOE. She is a member of the Industrial Affairs Committee of BusinessEurope and a member of the European Commission's Sustainable Finance Expert Platform.

Mrs García recently received the Spanish Environment Award for Climate Action and Civic Engagement.
